

INFO-EXCHANGE

Info-Exchange provides users with a superior web-based platform to monitor and process real estate tax payments. Info-Exchange was built with customer input and their feedback continues to drive our enhancements.

INFO-EXCHANGE PROVIDES:

- 24/7 access to your entire serviced mortgage portfolio
- Customizable, on-demand reporting
- Search exception resolution - without the need for legal descriptions
- Ability to produce delinquent letters and statements
- Dashboard for processing and balancing tax payments
- Comprehensive database of Tax Agency information
- Summary feature that provides a snapshot of your portfolio

SECURITY, COMPLIANCE AND AVAILABILITY

An additional advantage for most financial institutions is the increased security and availability that the platform provides compared to managing the process internally or with other providers. Info-Exchange was built exclusively for the financial services industry and uses innovative technologies to ensure data is protected and highly available.
